College of Computer Science and Technology, Zhejiang University

EDUCATION BACKGROUND

National University of Singapore Visiting Research Assistant	Singapore Oct. 2025 – Mar. 2026
Nanyang Technological University Visiting Ph.D. student	Singapore Sep. 2024 – Sep. 2025
Zhejiang University Ph.D. in Cyberspace Security	Hangzhou, China Sep. 2021 – Jun. 2026 (expected)
Zhejiang University B.E. in Software Engineering	Hangzhou, China Sep. 2017 – Jun. 2021

RESEARCH INTEREST

My research focuses on AI system security, including adversarial robustness, backdoor learning, and especially their threats to intelligent audio systems and multimodal large language models.

RESEARCH EXPERIENCE

Visiting Research Assistant Work with Prof. Jiaheng Zhang - Security Research Lab, Department of Computer Science - Mainly worked on security analysis of multimodal agents.	Oct. 2025 – Mar. 2026 National University of Singapore
Visiting Ph.D. Student Work with Prof. Tianwei Zhang - Cyber Security Lab, College of Computing and Data Science - Mainly worked on security analysis of multimodal large language models.	Sep. 2024 – Sep. 2025 Nanyang Technological University
Research Assistant Work with Prof. Li Lu - MUSLab, College of Computer Science and Technology - Mainly worked on speech signal processing and audio adversarial example attacks.	Nov. 2020 – Jun. 2021 Zhejiang University

PROFESSIONAL SERVICES

Journal Reviewer: IEEE TIFS, IEEE TNSE

Artifact Evaluation Committee: USENIX Security 2026

Secondary Reviewer:

- 2026: USENIX Security, AAAI, ACL, ACM IMWUT, IEEE INFOCOM
- 2025: USENIX Security, IEEE INFOCOM, IEEE/ACM IWQoS
- 2024: ACM MM, IEEE INFOCOM, IEEE ICASSP, IEEE/ACM IWQoS
- 2023: IEEE INFOCOM, IEEE/ACM IWQoS

FUNDING

- *Research on Secure Inference of Multi-modal Large Language Models in Adversarial Contexts*, **Young Student Fundamental Research Grant of NSFC (Ph.D. Student)**, 2025.01-2026.12, PI.
- *Research on Adversarial Attack and Defense for Safety Alignment of Multi-modal Large Language Models*, **Outstanding Doctoral Research Project of Zhejiang University**, 2024.08-2025.12, PI.

AWARDS

Outstanding Graduate , Zhejiang Province	2026
Outstanding Graduate , Zhejiang University	2026
National Scholarship , China	2024
Young Elite Scientist Sponsorship Program (Ph.D. Student) , CAST	2024
Supporting Outstanding Doctoral Dissertation Scholarship , Zhejiang University	2024
Longhu Scholarship , Zhejiang University	2023
Best Poster Runner-up Award , ACM MobiCom	2022
Student Conference Grant , IEEE INFOCOM	2022
Suzhou Yucai Scholarship , Zhejiang University	2022
Outstanding Bachelor Dissertation Award , Zhejiang University	2021
Outstanding Graduate , Zhejiang University	2021
First-class Scholarship , Zhejiang University	2020
Provincial Government Scholarship , Zhejiang Province	2019
